

JACoW Team Meeting 2016 Proposal  
Argonne National Laboratory  
Lemont, IL, USA

Host: Maria Power

- ❖ Venue: Argonne National Laboratory
  - Pre-team meeting and plenary sessions in the various APS meeting rooms available in Bldg. 401/402
  - Poster Session in APS Gallery Bldg. 402
  - <http://inside.anl.gov/aps-402>
  - A couple of lunch options exist including a box lunch brought in, the 401 Grill located in the lower level of the APS or at the Guest House restaurant
  - All participants will need to be badged for on-site access. Certain 'sensitive' countries (eg. China, Taiwan, Russia, etc.) will need additional time to complete the paperwork for a foreign visitor, but a couple of weeks ahead of the meeting is usually enough time.
- ❖ Accommodations:
  - Argonne Guest House at \$95/night <http://www.anlgh.org/>  
Map: [http://www.aps.anl.gov/About/Visiting/Directions/user\\_office.html](http://www.aps.anl.gov/About/Visiting/Directions/user_office.html)
  - Close proximity (5 min. walk) to the APS building
  - Nearby hotels are typically \$93 per night, would need a car to access the lab
  - Dinner on-site can be had at the Argonne Guest House or via many local restaurants off-site. I imagine a number of people will have cars so that car-pooling for dinner is possible.
  - If it is preferred to stay off-site and commute each day to the lab as a group, that is also possible. I would recommend staying near the Oak Brook mall (about 30 minutes from the lab) or the Aloft Hotel near the Promenade shopping center in Bolingbrook, both which have many local dining and shopping options nearby.
- ❖ Location
  - Argonne is located about 25 miles southwest of Chicago and most easily accessible via car from either of Chicago's airports (O'Hare and Midway). Limited public transportation is available to/from downtown Chicago. Assistance will be available to arrange transportation as needed.
- ❖ Excursion
  - Depending on the number of people interested, we could possibly arrange for a discounted rate at a downtown hotel and transportation to the hotel or to the local train. It would be possible to arrange a tour, but there are many tourist options in the city and a central hotel location may be all that is needed.
