Mistry	Sonal	Editor
Stefano	Deiuri	Editor
Volker	Schaa	Editor
Wojciech	Grabowski	Editor

How did it go?

- We were able to edit all papers - target achieved!
- UI reactivity appreciated
- Some "superpower" was needed to overcome some editing module limitations (e.g. file upload in red status)
- Editor interface checked by fresh editors - it worked OK, some feedback on usability collected
- Editor interface checked by experienced editors - steep learning curve, SPMS still in their hearts
- Many bugs, misimplementation, areas of improvement
